Had a nice conversation with Ex. 6 - Personal Privacy today. He is primarily interested in possibly volunteer activities for EPA not BP. I will send him some information about BP and in particular our Sustainability Report and Economic Impact Report. He indicated he wasn't interested in volunteering at Whiting because he doesn't have transportation. Thanks.

Jim-

Below is the email I received from Ex. 6 - Personal Privacy looking for opportunities to volunteer. We discussed the opportunities that BP had available, and was hoping you could share them with him. His contact

information is at the bottom of the email chain.

Thank you,

Dear Mr. Beslow,

I am urgently emailing you as a senior in high school looking at amending the BP Oil Spill through immediate volunteer work. Currently, I am focused on pursuing a degree in Biology and Environmental Science. [Ex. 6 - Personal Privacy] I'm looking towards giving my time to help in any way towards the atrocious spillage that has occurred. I believe that myself, and many others: friends, acquaintences, and peers can be valuable contributions with our time to help clean up the spillage in any way possible. Please, please, respond as soon as possible about any and all opportunities to volunteer.

My contact information is as following:

Thank you so much,

I know many people who do not want to see this event escalated in damage to our water source
